

The background of the entire slide is a repeating pattern of green silhouettes of various plastic bottles and containers, including water bottles, soda bottles, and cleaning sprays, arranged in horizontal rows.

Plastics are

**EVERYWHERE**

Day 4

# 1) Share Your Research

- Each group member should share their individual research.

20  
Minutes

# 2) Refine Your Solution

- Continue to discuss your solution. Start planning specifics and details.

# Prepare for Project Tuning

You will need to present the following information to a different group:

- Problem and Solution Statements
- Sketch/Diagram with labels & explanations
- Basic Materials List

20  
Minutes

# Where to Go

H101 - River Filters, Mushroom Disposal,  
Plastics Board Game

G114 - Storm Drains, Reinventing Toys,  
Sort-Port

# Project Tuning Protocol

**Overview:** (3-5 min) Present overview of group's design

**Clarifying Questions:** (5 min) Audience asks clarifying questions

**Discussion:** (15 min) Audience discusses the design with no input from the presenting group

- Warm Feedback: Highlight strengths and interest points
- Critical Feedback: What would you reconsider
  - Be kind and specific
